FOR ALL THE PURPOSES OF A

### FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills — one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bow-els. This is not. Many of them produce so much griping pain and revulsion in the system as to more counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely

vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the com-plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languer and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Cos tiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly suc-cessful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un-necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their

doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, ne harm can arise from their use in any quantity. For minute directions see wrapper on the Box. PREPARED BY JAMES C. AYER, Practical and Analytical Chemist. LOWELL, MASS. Price 25 Cents per Box. Five Boxes for S1.

COUGHS, COLDS, HOARSENESS. BRONCHITIS, WHOOPING-COUGH. CROUP, ASTHMA, AND CONSUMPTION. THIS remedy has won for itself such notoriety

from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its unefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties tacks upon the lungs, but for the milder varieties of Colds, Couons, Hoanseness, &c.; and for Children it is the pleasantest and safest medicine As it has long been in constant use throughout

This is the only Machine, ever invented, that will grind a
Saw perfectly even in thickness.

Thus will require less att—will not heat while running—
will saw smooth—save lumber—and keep an edge longer
than any other saws made—and are not liable to become
patrice.

All our Saws are made from an extra quality of Cast Steel, imported expressly for our own use, at much higher cost than is generally used for Saws.

We respectfully inform all manufacturers of Lumber, that no Saw will be sent from this establishment but what is of superior steel and workmanship, the temper will be found more even and uniform than any Saw in use.

Discovery of the Age. l'HIS remarkable preparation contains no alcohelic stin nient, no essential oil, nor one unhealthy drug. It do not color the hair, but acts upon the scretisus and score tive organs, so as to supply the former with the necessar coloring matter, and upon the latter, so as to completel restore their impaired or lost functions. All this the propri eter has a right to say, for it has done all this for him. A the age of thirty-seven he was as gray as the man of seventy, and his hair nearly all fallen off, but he new has as abundant crop, and no person would ever imagine that h gver had a gray hair; and his hair is as soft and plinble a though it had been recently oiled. This is not an isolate

case; It has done the same for many others, as the following certificates abundantly prove. Sr. Paul, Jan. 1, 1855. Prof. O. J. Wood-Dear Sir: Unsolicited 1 send you th certificate. After being nearly bald for a long time, an having tried all the hair restoratives extant, and having a faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a burber and had my head rubbed with a good stiff brush, and the Restorative then applied and well subbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong-soft and pleasant to the touch, whereas before it was here and wiry, what little there was of it, and that little was dis appearing very rapidly. TO THE PUBLIC Of the United States.

A Nadvertisement of Mr. UDOLPHO WOLFF, lately published as I suppose intended for A lished, as I suppose, intended for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schleslam Schnapps, were I to let it pass without notice through this medium, I might be considered among those he denominates "Pirates and Venders of Poison;" but the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a heverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifest to all, since mine has beer brought into competition with his. Not only have I succeed ed in competing with him in quality, but the constant and increasing demand for my article, has enabled me to furnish it at a less price than he can, or does -- buy \$2 in the deger And, furthermore, he will soon become satisfied that his cau-tion to the citizens of the "Southern and Western States", will avail him nothing as far as I am concerned, for the character of my Schiedam Schinapps is too well established in those States, to be injured by any such invidious publiat me by him will full harmless at my feet, I will here, for the satisfaction of the public, publish a copy of my Patent Right, entered in the Southern District of New York, on
